

# The Bucks Party

## *Bucks Party Ideas*

- Spend the day on a fishing charter with mates. Find a charter that will include lunch into the deal. You could continue on afterwards with a bbq and drinks at a mates home.
- If you enjoy a hit of cricket why not get a team together for a leisurely game while enjoying a few brews and a sausage sizzle.
- Go to a sporting game with mates and follow on with dinner and drinks at a favourite restaurant.
- If you are into golf why not play a round of 18 followed on with dinner and drinks at the clubhouse.
- Go on a fishing trip, camping for the weekend.
- Spend the day at the races, place a few bets while enjoying lunch and a few glasses of champagne.

## *Safety Precautions*

- When going out, make sure you have some means of getting home.
- If you have female entertainment, it is essential that someone remain sober to greet and look after your entertainers.
- Provide a safe room for your entertainers to get changed and return to once finished. Remember, these entertainers should feel safe at all times, if they feel threatened or unsafe, THEY WILL LEAVE.
- If your friends are the type to play some sort of trick on you, elect a captain who can oversee the fun and make sure it doesn't get out of control.

*Most Importantly - Have Fun...*
